## How to dispose of household garbage and recyclable garbage (Special issue)

1

### Keep the place to dispose garbage and recyclable garbage safe and clean.

The place to dispose garbage is kept clean by the cooperation of the users. Be sure to dispose garbage at the appointed place.

2

### Keep the date and time to dispose garbage.

Dispose of garbage in each region on the appointed date until 8:30 in the morning. Garbage is collected only once on the appointed day.

3

### Garbage must be sorted according to category.

If the garbage is not stored properly, it is not collected.  
If the garbage is not collected, managing persons of the garbage pick-up place will be in trouble.  
Be sure to sort garbage accordingly and dispose it again later.

4

### Protect the property.

Resources disposed at the garbage pick-up place (papers, cloths, bottles, cans, plastic bottles, plastics) are properties of the city (citizens).  
It is a crime to steal materials from the garbage pick-up place.  
If you find a theft, call the police or city hall. Do not talk to the thief directly.

5

### Illegal dumping is a crime.

It is banned to dispose garbage at random by Waste Management and Public Cleaning Act.  
If you find disposing garbage at random, call the police or city hall. Do not talk to such person directly.

6

### If you don't know how to sort garbage:

Refer to this paper. If you still don't understand, consult Environment Division, City Hall

Revised on March, 2015  
Revised on February, 2018

Handling of garbage may be changed after issuing this pamphlet without notice.

## Bring garbage by 8:30 at a designated place

- Collection time of the garbage changes according to the weather and transportation condition.
- Users should take responsibility of garbage collection point so that to keep clean and not to mess up.
- General waste from business activities should not be wasted to the garbage collection point for general household garbage. Ask for collection to the business operator which the city authorized or bring them directly to the environment center (disposing facility) by yourself. However, bulk garbage, plastic garbage, and industrial waste are excluded.
